

# RENUBHUMI ENGINEERING INDUSTRIES

*Formerly Renu Engineering Industries (REI)*  
**Established 1989 | Bilimora, Gujarat, India**

---

## Company Overview

RenuBhumi Engineering Industries, originally founded as Renu Engineering Industries (REI) in 1989 at Bilimora, Gujarat, has evolved into a joint venture specializing in the **design and manufacturing of high-quality chemical plants and turnkey solutions**. With over three decades of expertise, we cater to diverse industries including **chemical, alcohol, pharmaceutical, and ventilation systems**.

Our facility is strategically located just 230 km from Mumbai and 60 km from Vapi, providing excellent connectivity via highways and railways.

---

## Core Offerings

### Alcohol Derivatives & Turnkey Project Solutions

We provide end-to-end solutions in alcohol processing and chemical plant setup:

- **Complete Turnkey Projects**
  - Alcohol Distillation Plants
  - Portable Liquor Plants
  - Silent Spirit Plants
  - Brewery Equipment
  - Acetic Acid, Ethyl Acetate, Acetaldehyde & Formaldehyde Plants (Metal Oxide / Silver Catalyst based)
  - Other Pharmaceutical Projects
- **Custom Fabrication**
  - Material Cutting, Shaping, Welding, and Heavy Fabrication
- **Standard Equipment Manufacturing**
  - Heat Exchangers, Pressure Vessels, Storage Tanks, Agitators, Distillation Columns, Scrubbers, Separators
- **Maintenance & Repairs**
- **Surface Treatment & Finishing**
- **Spare Parts Supply**
- **Process Optimization Support**
- **Documentation, Packaging & Logistics**

## Ventilation Systems & Products (SOLE DISTRIBUTOR BY )

We also manufacture a range of **Tunnel Ventilation Systems and Components** including:

- SS304 Tunnel Ventilation Nozzles
- MS and GI Cones
- Sound Attenuators
- Industrial and Residential Ducting Silencers
- MS Ducts for Tunnel Ventilation
- Tunnel Ventilation Dampers
- Sliding and Volume Control Dampers
- Accessories, Access Doors & Canvas Connectors

---

## Manufacturing Capabilities

Our Bilimora facility is equipped to produce:

- Distillation Columns
- Reactors
- Heat Exchangers
- Bulk Storage Tanks (Molasses & Product Storage)
- Vessels & Evaporators

These products serve a wide array of industries, including **refineries, chemical, alcohol, and formaldehyde-based industries.**

## Why Choose RENUBHUMI?

- Over 30 Years of Industry Expertise
- Comprehensive Turnkey Solutions
- High-Quality, Custom-Engineered Products
- Reliable After-Sales Support
- Strategic Location for Seamless Logistics
